

Core Value

- **To create** an environment where all students irrespective of caste, class, creed, religion, gender can sit together and access the learning opportunities.
- **To encourage** new ideas by welcoming students' participation in curricular, co-curricular and extracurricular activities.
- **To promote** teaching-learning that inculcates self-thinking and creativity.
- **To address** the issues not only of society, nation, and environment, but those of human values and professional ethics also.
- **To offer** a platform to students where they can discuss, analyse, dissent, interpret and come out with the multiple perspectives on various issues.
- **To facilitate** students' academic, functional, verbal, research, and employability skills.
- **To fine-tune** students' hard skills as well as soft skills and life skills.
